PREFACE

We are instructed by Ralph R. Barker, Esq., to disperse his fine collection of Ancient Greek and Roman, Foreign and American Coins, at public auction, to the highest bidder; and in complying with those instructions we have in our regular careful manner endeavored to describe in the ensuing pages his many historically interesting and valuable coins, and we trust collectors will give the catalogue careful perusal and send in their bids quickly after the receipt of the catalogue.

The dispersal of this cabinet will enable the collectors—every one of them—to find some item to enrich his cabinet, whether he is a small or large buyer, for while the collection does not contain many very expensive coins, yet its formation has been made with care to select fine examples of the coins—generally with the historical side kept well in view. Collectors desiring further information about the coins or their value than that contained in catalogue will receive from us a ready answer to their inquiry.

An edition of the catalogue embellished with four plates showing the most important coins is now ready for distribution, and copies will be sent, post paid, on receipt of \$1. Plain catalogue, hand priced, will be supplied after the sale for 75c., or with plates and priced for \$1.75, payment to accompany the order.

Every coin is guaranteed genuine, and this guarantee holds good indefinitely.

Collectors desiring to bid and who have not established a credit with us will favor us by sending reference with their bids. Every lot is sold so much *per piece*, no matter

how many there may be in it. No lot is separated or offered other than as catalogued.

We make the regular charge of all established dealers of 10 per cent. on the amount *purchased* for our services in attending to the bids entrusted to our care, and we can assure collectors that it is a small recompense for the work and responsibility incurred. The auctioneers will receive and execute bids free of any commission, but they accept no responsibility and require those purchased to be paid for prior to removal.

First day, No. 1 to 792. Second day, No. 793 to 1608.

Photograph of the fine cabinet will be sent free to those applying. As we are now entering names on a new mailing list, collectors receiving this catalogue who are no longer interested will confer a great favor on us by sending a postal card to that effect.

Soliciting the bids to this sale of our numerous clients to whom we are grateful for past favors and the splendid support they gave the sale in May of the great collection of John G. Mills. We remain,

Very respectfully,

S. H. & H. CHAPMAN,

Numismatists.

collectors are aware of; and our experience of 28
years in the business verifies this assertion when
we state that we have never been offered a 1794
dollar outside of a regular collection. See plate.

be lifted off and used as a separate cabinet is a

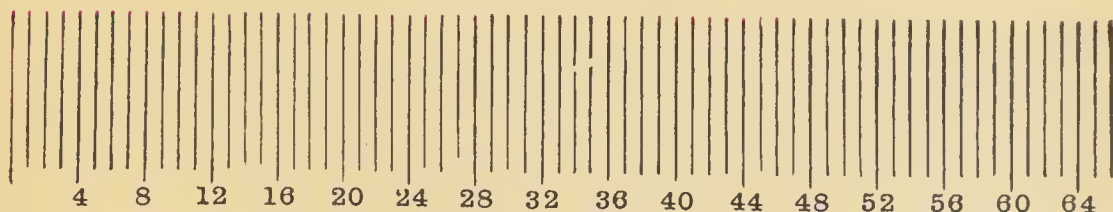

cabinet, height $16\frac{1}{2}$, depth 10, width $14\frac{1}{2}$, single door, lock and key, pillar at corners. On door medallion of Pallas. 15 drawers (brass knobs); inside $9\frac{1}{2} \times 7 \times \frac{1}{4}$, velvet lined. 1 drawer $1\frac{3}{4}$ in. deep, another $\frac{1}{2}$ in. deep. Polished black walnut. On top of these two cabinets, which are built for each other, is a finely carved bust of a knight in armor, 13 in. high, 9 in. wide. This is entirely separate from the cabinet.

The three pieces are sold as one, and form a very fine and beautiful piece of furniture, and a cabinet suitable for a gentleman of taste. It cost probably \$150 to build. Photographs showing it closed and open supplied on application.

1608 Oiled black walnut cabinet, 13 in. high, 8 in. deep, 10 in. wide. 24 drawers $8 \times 6\frac{1}{4} \times \frac{3}{16}$, on slides which are placed apart so drawers closed do not join on the face. Velvet lined. Single door, lock and key. A cheap, good little cabinet.
